(1 × 40 = 40 Marks)

Part II

- (1) A i. cultivated land
- ii. direction
- iii. 2cm
- iv. 80cm × 50cm
- v. first part should be divided into 10 (1 × 4 = 4 Marks)

(2 Marks)

- vi. metric coordinates.

- vii. width – 2cm, length – 6cm (size of the grid)
 viii. ★ black star ... — ... — ... — ... (red colour)

- B) i) C ii) F iii) H iv) K v) Q
 C) i) A ii) E iii) H iv) L v) P (20 Marks)
- (2) i) temperature, rainfall, methods of getting rain (2 Marks)
 ii) tropical zone, temperate zone, winter zone (3 Marks)
 iii) - high temperature throughout the year
 - No winter
 - High rainfall throughout the year
 - Monsoon climate explanation should be done using facts like these (5 Marks)
- (3) (i) a - Thailand, China, India Japan, Pakistan
 b - river Po, Nile, Mississippi, Sacramento (2 Marks)
 (ii) temperature around 27
 Rain fall around 2000mm
 Liquid soil (3 Marks)
 (iii) cultivated in small plots
 some countries cultivate in mass scale as in business
 some countries cultivate in mass scale on commercial base
 Asian countries cultivate on subtle labor
 Use of compost at present (can be discussed using the given facts) (5 Marks)
- (4) (i) A- Nuwara Eliya B- Kandy (2 Marks)
 (ii) -tea reseach center in Thalawakelle
 -small tea estate development authority
 -tea board Sri Lanka (3 Marks)
 (iii) there is a good name for Sri Lankan tea in the world market
 Tea is sent in different attractive forms to the world market
 Symbol of lion is used as the trade mark
 Attractive wrappers
 Middle east is the main buyer (5 Marks)
- (5) i) C – Negombo D- Dediyaawala (2 Marks)
 ii) a) Ragedara, Kahatagaha pathala, Kolon gaha pathala
 b) Japan, USA, China (3 Marks)
 iii) Issues
 Completion of clay mines
 Environmental pollution due to mining
 Competition in the market for exported products
 Trends
 Completely the trend towards the private sector
 Make use of high technology and trained employers/labors
 Increase of demand for tiles and sanitary ware
 Demand from the developed countries (5 Marks)

- (6) i) Lunuwila, Ambilipitiya, Bathalegoda, Bombuwela
Agalawatta (2 Marks)
- ii) - damaged caused by the floods, earthslides, droughts, heavy showers
- water, land and air get polluted due to the use of manure, insecticides,
pesticides and chemicals
- Extinction of flora and fauna to activate the ecosystems
- subjected to epidemic diseases etc.... (3 Marks)
- iii) - Providing high contribution to the cross Domestic products by agriculture
sector.
- Earning 24% of Export income from agriculture.
- Using more land area of the country for agricultural crops.
- Providing raw materials many industry etc. Explain using three correct
points. (5 Marks)
- (7) i) can invest a huge capital
Iron and steel can be easily used as raw materials
Good name and the experience (2 Marks)
- ii) profitable labor and the trained labour for ship building industry
new technology
indestructible sea areas are available for pool facilities (3 Marks)
- iii) production of special yachts
production of huge , luxury passenger ships
production of ships for various purposes
at present light metals and fiber are used to produce ships
energy sources for ship building industry (5 Marks)
- (8) i) can be easily cultivated
can be imported from other countries
profitable labor
new technology (2 Marks)
- ii) A - Panjab
B – Yansi
C – Deccan (3 Marks)
- iii) - based on agricultural raw materials
- the countries which grow cotton too have started the industry
- eastern Asian countries are the pioneers
- as it is totally depend on mechines , products are of high quality
- birth of co products. (5 Marks)
